## WHY LINTON LUBRICANTS?

**AT LINTON LUBRICANTS, WE HAVE OVER 40 YEARS OF SELLING AND DISTRIBUTING LUBRICANTS. OFFERING A HIGH LEVEL OF CUSTOMER SERVICE AND TECHNICAL EXPERTISE TO OUR CUSTOMERS IS OUR TOP PRIORITY.**

With dedicated account managers for all of our customers, you will have all the support and advice you need to ensure you are using the correct lubricants, and have all the best equipment in your workshop. Our knowledgeable Customer Service team are on hand to answer any questions and process your orders quickly and efficiently. With nationwide delivery capabilities, and emergency deliveries available on request, we will help your business keep operating.

As well as our core range of high quality Castrol lubricants, here at Linton Lubricants we offer a range of tangible and valuable services designed to make your business more efficient and increase your profitability.

Linton Lubricants stock a range of storage and dispensing equipment, containment and spill equipment, and absorbent materials. We offer workshop planning, regulatory advice and expert technical advice on the supply of all types of workshop equipment, from vehicle lifts and engine hoists to diagnostics. We can also offer trade finance to support your new equipment purchasing.

Linton Lubricants offer tank telemetry to keep you right up to date with the levels in your bulk storage tanks, through Linton Tank Link. This service will remotely monitor the levels in your tanks and provide you with a daily or weekly update by email or text, so you never run out of product. We also offer waste oil collection through our partner Eco Oil. Your waste oil will be recycled in the UK into industrial fuel oil, helping both the environment and your budget.
